📍 Ranipet, Tamilnadu   in LinkedIn

Profile

Immediate joiner **Java Full Stack Developer (Fresher)** with hands-on experience in **Java, Spring Boot, REST APIs, React.js, and SQL** through internships and projects. Skilled in building scalable, user-friendly applications, integrating frontend and backend systems, and deploying on **Apache Tomcat**. Strong problem-solving, teamwork, and adaptability skills with exposure to **Docker, AWS, and microservices concepts**. Eager to contribute to innovative software projects and deliver measurable results.

Education

BCA COMPUTER APPLICATION
SSS Arts and Science College, Ranipet, Tamil Nadu
July 2022 – June 2025

Skills

Programming & Languages:
Core Java, Advanced Java, SQL, JDBC, Hibernate, Servlets, Spring Boot, HTML, CSS, and JavaScript.

Frameworks & Tools:
Apache Tomcat, IntelliJ IDEA, Eclipse, Postman, Git, GitHub, Maven, VS Code, Agile Methodolog**y**

Learning Exposure:
Docker, AWS, Kubernetes

Methodologies & Other Skills:
Agile, Microservices basics, REST APIs, DSA (Data Structures & Algorithms)

Professional Experience

Software Development Intern | JSpiders, Bangalore ⧉
June 2025 – Present
- Developed full-stack web applications using Java, Spring Boot, JDBC, Servlets, JSP, and MySQL.
- Integrated frontend and backend via REST APIs with JSON for seamless data communication.
- Built a responsive UI using HTML, CSS, and JavaScript and optimized performance through debugging.
- Deployed and tested applications on Apache Tomcat following **microservices-based modular design**.
- Collaborated with senior developers to ensure scalable and maintainable code.

Projects

E-Commerce Web Application | May 2025 – September 2025
- Developed an e-commerce website with product listing, cart management, and checkout functionality.
- Built the frontend using React.js with reusable components and **responsive Bootstrap design**, enhancing user experience across devices.
- Integrated SQL database for managing users, products, and orders, supporting **50+ products and 100+ transactions**.

- Conducted testing and debugging to ensure smooth functionality and reliability.

Bank Account Management System | Oct 2024 – June 2025
- Developed a Java-based banking system integrating MySQL via JDBC to manage account information and transactions.
- Implemented features for reporting and transaction management, achieving **0% data inconsistency** in test scenarios.
- Performed rigorous testing to maintain system integrity and reliability.

Certificates

Java Full Stack Development (Ongoing) – JSpiders Institute, Bangalore | Apr 2025 – Present ⎘
Skills: Core & Advanced Java, Spring Boot, JDBC, Hibernate, SQL, HTML, CSS, JavaScript, DSA

Web Development Bootcamp ⎘
- Learned full-stack web development with HTML, CSS, JavaScript, React, Node.js, Express.js, MongoDB
